DISCUSS YOUR TRAILER REQUIREMENTS

- 20 ft deckover configuration for equipment transport
- Tandem axles; confirm required GVWR, payload and axle ratings
- Steel and pressure-treated pine deck; pull-out steel ramps
- Buckles and rails; discuss toolbox, spare tire and tie-down accessories

Manufacturer, model year, final dimensions, equipment and ratings are confirmed for the quoted build. The reference photograph and specifications describe an existing configuration, not a specific new trailer available for sale.
